Education

Bachelor of Science in Electrical and Electronic Engineering (EEE) *Jan, 2023-Ongoing*
Jamalpur Science & Technology University, Jamalpur-2012
CGPA: 3.50 (till 2nd Year)
Rak : 1st

Higher Secondary Certificate (HSC) *June, 2019-February,2021*
Feni Govt. College, Feni
GPA: 5.00

Secondary School Certificate (SSC) *January, 2017-April, 2019*
Amu Bhuiyar Hat Hasaniya Dakhil Madrasah, Feni
GPA: 5.00

Research Interests

- Power System Optimization
- Autonomous System
- Biomedical Engineering
- Control System and Robotics

Research Experience

Undergraduate Thesis *Upcoming*
Jamalpur Science & Technology University

- *Upcoming*
- *Upcoming*.
- Thesis supervisor: *Upcoming, Professor, Dept. of EEE, JSTU*

Publications

- **Ongoing**, "fault diagnosis in power transmission lines using deep learning"

Personal Statement

Electrical and Electronic Engineering student with a strong research interest in biomedical instrument development, physiological signal processing, and intelligent diagnostic systems. Experienced in control systems, robotics, and embedded system-based data acquisition and analysis. Seeking higher studies to work on computational modeling, medical device design, and AI-assisted biomedical systems for next-generation healthcare technologies

---

University Projects

Self-Driving Car *September, 2023 - ongoing*

- Lane detection & U-turn logic using discrete Python control
- Stop-sign detection using YOLOv8n — 5s full stop behavior
- Programmed Raspberry Pi 5 for these tasks

RFID-Google Sheet based Smart Attendance System *August, 2025*

- Developed an ESP8266-based RFID data acquisition and cloud logging system with real-time synchronization to Google Sheets.
- Implemented NTP-based timestamping and local LCD feedback for reliable embedded data recording.

PID Line Following Robot *June, 2024*

- Designed and implemented a PID-based closed-loop motor control system for real-time line tracking on a mobile robotic platform.
- Tuned and validated the controller through experimental testing to improve tracking accuracy and dynamic response.

Design, Setup and Analysis of off-Grid Solar System *May, 2024*

- Designed and implemented a 0.5 kW off-grid photovoltaic power system integrating PV array, MPPT charge controller, battery storage, and inverter.
- Evaluated system performance, battery state-of-charge behavior, and inverter efficiency under real operating conditions.

Simple Line Following Robot *June, 2023*

- Built an autonomous robot capable of following a predefined path using IR sensors.
- Programmed microcontrollers for path detection and movement control.

Technical Skills

- Programming languages: Python, MATLAB, C
- Machine Learning: Neural Networks, Regression, Classification
- Electrical Engineering: Power Systems, Control Systems

Certifications & Training

- Introduction to Artificial Intelligence — Simplilearn (2023)
- Ethical Hacking 101 — Simplilearn (2023)
- Design, Setup and Analysis of Off-Grid Solar System — RERC, JSTU

Academic Activities & Competitions

- Participant, Robotics Exhibition, National Conference, JSTU
- Participant,1st Inter-Department Mathematics Olympiad 2023, JSTU
- Participant, Project Showcase, Department of EEE, JSTU

Awards & Scholarships

- **Merit Scholarship Award (2022)** — Awarded by Bangamata Sheikh Fojilatunnesa Mujib Science & Technology University (now JSTU) for securing **2nd position in the 1st Year B.Sc. Engineering Examination** in the Faculty of Engineering.
- **2nd Place, Farm Mechanization Idea Competition 2025 (JSTU)** — Awarded for designing a *centralized multi-mechanization framework for sustainable and scalable agricultural production systems*.

Extracurricular Activities & Leadership

- **Research Team Coordinator (Founding Committee)** — JSTU Research Society *(Sep 2025 – Present)*
- **Secretary General** — Chattogram Divisional Student Welfare Council, JSTU *(Dec 2025 – Present)*
- **Class Representative (CR)** — Jamalpur Science & Technology University *(Mar 2024 – Mar 2025)*
- **Secretary of Information & Technology** — EEE Association, JSTU *(Nov 2022 – Nov 2023)*
- **Deputy Secretary of Publicity** — Chattogram Divisional Student Welfare Association *(Oct 2022 – Oct 2023)*
- **Secretary of Education** — Hridoy Memorial Blood and Social Foundation *(Jun 2020 – Jul 2021)*
- **Volunteer** — GST Admission Test 2024–2025
- **Volunteer, Volunteer Monitoring Unit** — 9th University Day, JSTU *(Nov 2025)*
